

## PALMA TO CALL CONGRESS TO QUELL CUBAN REVOLUTION NOW BECOMING SERIOUS

Uncle Sam's Warships Will be Sent to the  
Island if Necessary to Protect  
Lives and Property.

News From Havana Very Disquieting—Reported Gen.  
Gomez Has Joined Revolutionists—Situation is  
Worst in Province of Pinar del Rio—  
Revolution to Date.

(Bulletin.)

Havana, Cuba, Aug. 21.—President Palma has decided to call an extra session of congress to vote on raising a volunteer army to put down the revolution.

Havana, Cuba, Aug. 21.—A state of revolution actually exists in the island of Cuba and the government has been brought face to face with this fact. Minor fighting has already occurred and it is feared this is but the forerunner of more serious engagements in the near future.

The revolutionary forces are now estimated at 2000 men. The rebels are scattered about the country in small bands for the most part.

The situation is the worst in the province of Pinar del Rio. Advice from Pinar del Rio says that Congressman Guerra intends to capture that city. It is the intention of the revolutionists to establish their headquarters there. Guerra has a force of 400 men, while the entire force of rural guards and volunteers at the call of the government does not exceed 300 men. In the fighting yesterday rurales under the command of Nunez, governor of Havana province, overtook a band of revolutionists under Bandera, the negro general, who achieved distinction in the war against Spain. Lieut. Roque was killed. The fighting lasted for two hours and the government forces which were outnumbered by the rebels retired.

Governor Nunez returned to Havana and made a report to President Palma. To the correspondent of the Scripps-McRae Press Association he admitted that the situation is very serious.

The report is current that General Gomez, who was a candidate for president, has joined the revolution. Denial of this has been offered. If Gomez has formally allied himself with the revolutionists the situation is indeed serious. There is danger in the present situation for American residents. The force of the revolutionists is to place intervention by the United States. For that reason Americans are marked for attack. American planters in remote provinces are hastening to the cities to escape falling into the hands of the revolutionists. If the revolutionists cannot force intervention by the United States in any other way, it is asserted, they will enter on a program of burning the property of American residents. Commerce has been paralyzed in the western provinces through fear that the rebels will resort to pillaging.

A raid was made yesterday on the home of the Danish consul, nine miles from Havana and within a few

hundred yards of the home of the American minister. Twelve blooded horses were taken from his corral. The object of the revolutionists was evidently to involve Cuba in foreign complications if possible.

## UNCLE SAM MAY TAKE HAND IN IT SAY THE OFFICIALS

Washington, Aug. 21.—Today's news from Cuba, especially with reference to the danger in which American residents are placed, is so disquieting that forcible action by the United States government may be taken at any time. The state department today requested Charge d'Affairs Sleeper at Havana to send a full report on the situation and the report is anxiously awaited.

Should it develop that the lives and property of Americans and natives are really endangered and that the Cuban government is unable to cope with the disturbance, one or more warships will be dispatched to the nearest available port where marines will be landed and sent against the revolutionists. According to officials of the administration it would not be necessary for the United States to wait until the president of Cuba requested intervention. It is regarded here that ample authority exists under the general treaty with Cuba for this government to intervene at any time on its own volition should it consider the crisis sufficiently grave.

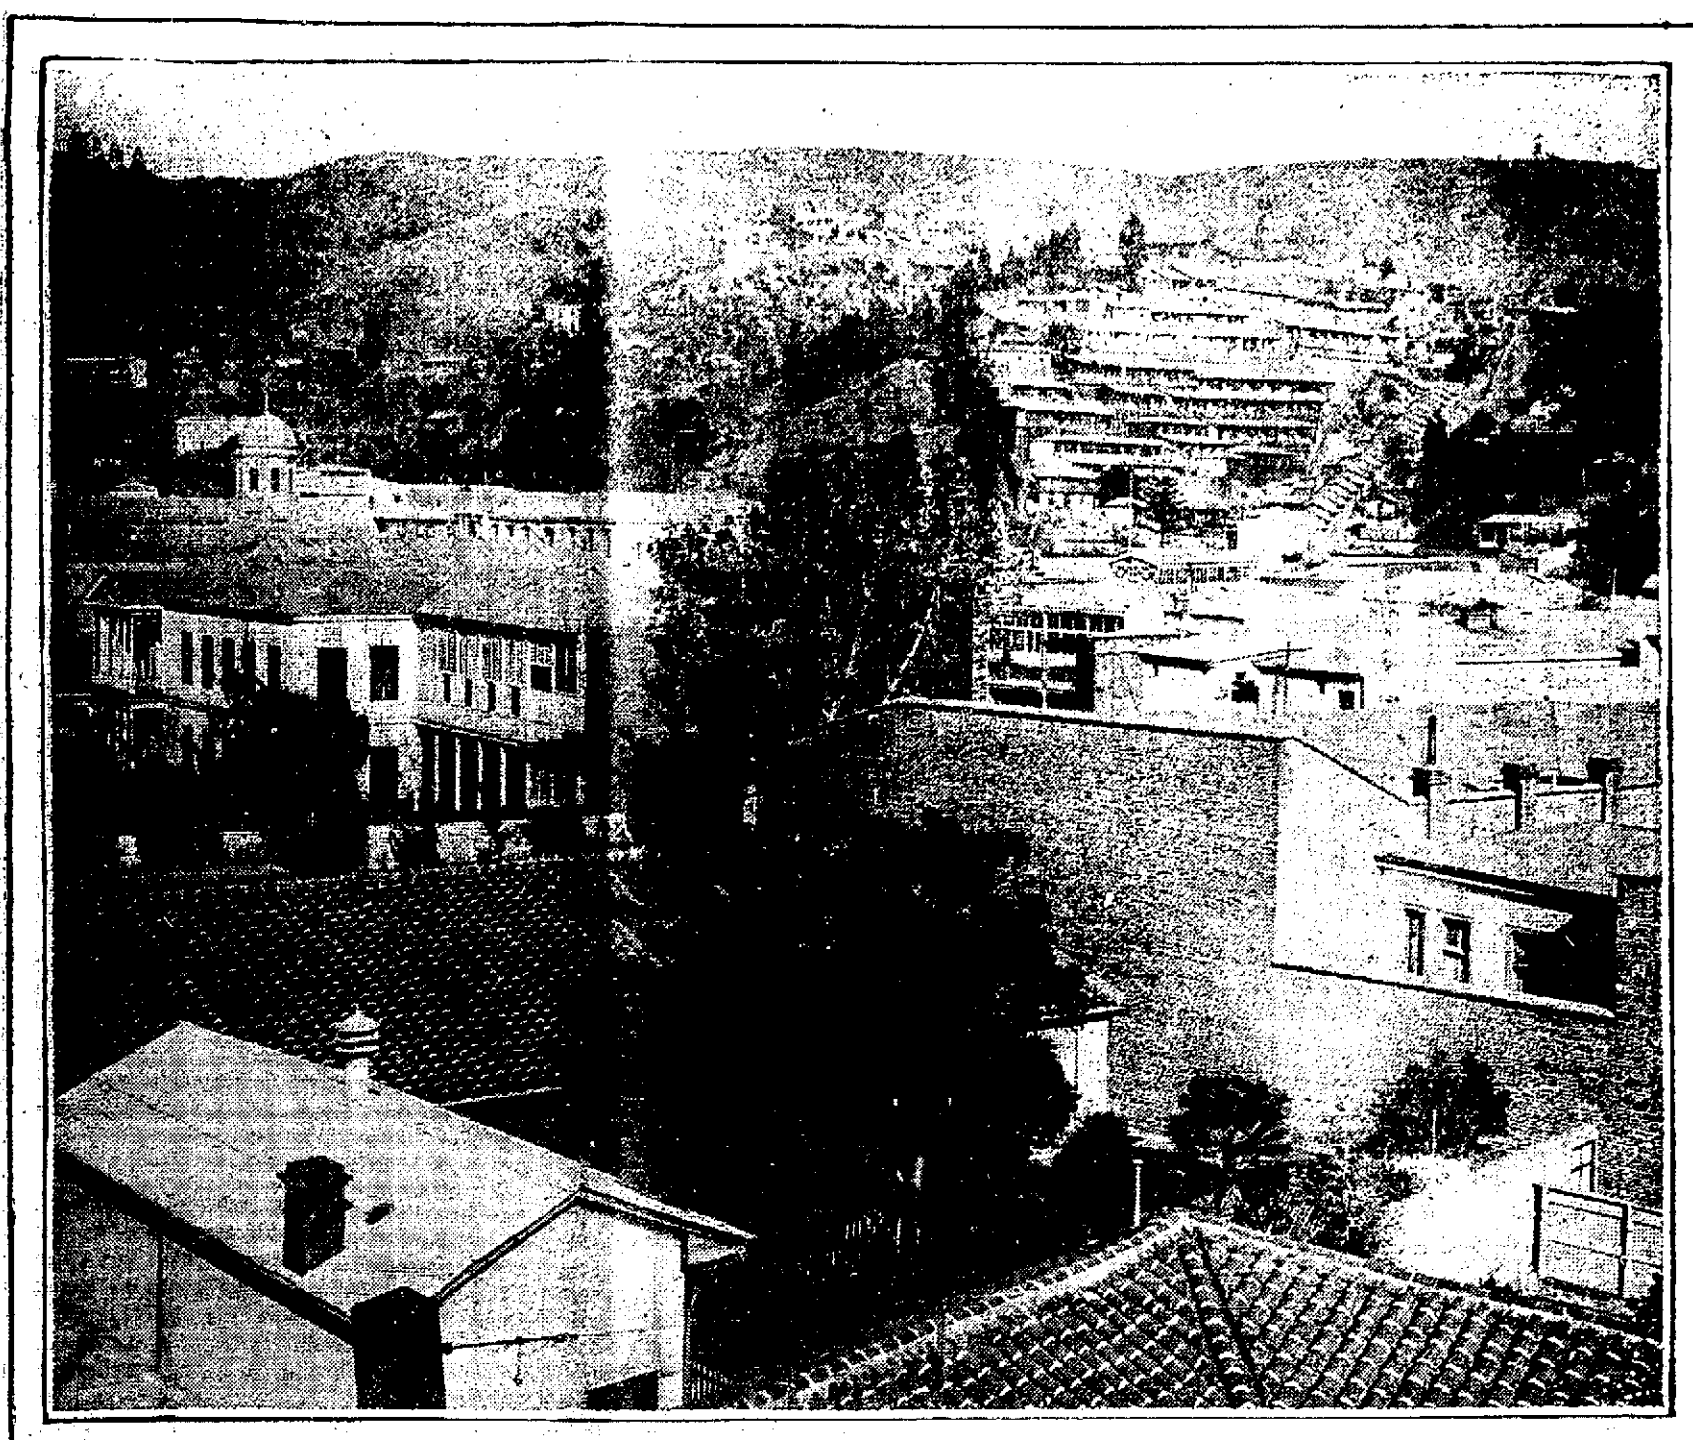

## ITALIANS KILLED

Three Laborers Dead, Two Dying and  
Fifteen Injured in Michigan  
Accident.

Charlotte, Mich., Aug. 21.—Three Italian laborers are dead, two are dying and 15 more are injured as a result of the engine on a Michigan Central work train backing into the train while 50 laborers on the work train were eating their dinner. A majority of the men were sitting about on several flat cars, which were wrecked and thrown off the track when the engine crashed into the train. As soon as the uninjured Italians realized that their fellows were injured they rushed for the engineer, who ran his engine back up the track and escaped before they could do him harm.

CORRECT ESTIMATE OF THE  
DEAD AND INJURED.

## RELIEF SYSTEM IS ORGANIZED

Government Authorizes Governors to  
Spend All Money Necessary to  
Aid the Needy.

(Bulletin.)

London, Aug. 21.—Another heavy earthquake is reported at Valparaiso last night, is today's information from Lima, Peru. The reports state that the town of Quillota with a population of 10,000, was destroyed. Lima experienced a slight shock this morning.

Santiago, Chili, Aug. 21.—(Bulletin)—Valparaiso is practically a total loss, is the statement of the governor of the State of Valparaiso, in an official report to President Balfago. The number of dead there is estimated at 300, and injured 800. The newspaper, Mercurio Valparaiso, says the damage is greatly underestimated, and it places the dead at 500. Army wagons and relief trains are starting for Valparaiso. The government has appropriated 2,000,000 pesos for relieving the victims.

Valparaiso, Aug. 21.—The city is gradually awakening from the daze into which it was thrown by the earthquake which wrought such disaster, and the people are returning from the hills ready to participate in making the city habitable again. No time will be lost in resuming business. Sufficient water for drinking purposes is now being supplied. Arrangements have been made for distribution of food to the needy. The injured are being cared for. As soon as possible steps will be taken to clear away the debris in the business section many buildings can be restored. Robbers and thieves are at work looting damaged buildings and stealing from the bodies of the un-

buried dead, but the killing of several robbers by guards is believed to have put an end to the plundering. The greatest difficulty is to provide shelter for the homeless. Not more than 20 per cent of the houses in the residence district escaped serious damage. For permanent rebuilding of the city an appropriation of \$100,000,000 will be asked of Congress. Relief supplies are beginning to reach the city from ports in quantities sufficient to insure against famine.

Santiago de Chile, Aug. 21.—Chile is endeavoring to recover from the heavy blow of the earthquake Aug. 15. The shocks have ceased and the fires that followed are conquered.

The first estimates of casualties and material damage were greatly exaggerated. The people of Valparaiso are becoming calmer. Fear of further shocks was removed by a statement issued from the observatory, and it became possible for the first time to organize relief work and begin a systematic search among the ruins for the dead.

It is impossible to reach any correct estimate of the dead and injured. Reports are most conflicting. The number of dead in Valparaiso doubtless will run into the hundreds, and for the entire country probably into the thousands. The property damage is estimated at from \$200,000,000 to \$300,000,000.

Relief is being organized with system and the government has taken complete control of the situation. The foreign legations are active in relief measures, as are private persons, and the greatest energy is being devoted to getting in supplies for the destitute. The government has authorized the provincial governors to spend all money necessary for the relief of the needy in their districts.

## WARSHIPS

Will Watch Smugglers Says Russian  
Ambassador to the State  
Department.

Washington, Aug. 21.—The Russian ambassador informed the department of state that the Russian government, in order to effectively check the unlawful importation of firearms and explosives into the Russian ports in the Baltic, decided to extend to the fleet of Russian cruisers charged with surveillance and prevention of smuggling the assistance of warships of the imperial navy. The ambassador adds that there is nothing unusual in this cooperation, and that the instructions issued to the officers of war vessels in every respect consistent with the provisions of the Russian customs law and the general rules of international maritime law.

Entire Countryside Quits Work to  
Hunt for the Slayer of Miss  
Minnie Waddill.

Goldsboro, N. C., Aug. 21.—The mutilated body of Minnie, the 16-year-old daughter of George Waddill, a prosperous farmer, living four miles from Fremont, was found in the Marl Hole this morning. The young woman left her home yesterday afternoon for the purpose of visiting neighbors. It is presumed that while she was returning, and darkness was approaching, she was dragged into the woods and her body thrown into the Marl Hole. An umbrella which has been recognized as that carried by Miss Waddill, was found in the woods where there were indications of a terrible struggle. The girl's lips were badly cut as if with the knuckles of a naked hand, and her neck was terribly bruised. It is believed that she was beaten and choked into insensibility before the crime was committed. The people for miles around Fremont are wild with excitement over the tragedy. The entire countryside has suspended work and entered into the search for the person guilty of the crime. There has been no clue discovered that would indicate the guilty party.

## DEMOCRATS

Meet in State Convention to  
Nominate Ticket at  
Columbus.

JOHNSON WILL NOT CONTROL

THOUGH HE WILL BE A FACTOR IN  
ORGANIZING COMMITTEE.

Division of Sentiment on Local Op-  
tion Question—Survey of Field  
---Delegates Are There.

Columbus, O., Aug. 21.—The Licking county delegation to the Democratic state convention met today and elected J. H. Newton chairman, Roderick Jones secretary, and endorsed Edward W. Crayton for his second term as state central committeeman from the Seventeenth district.

Columbus, O., Aug. 21.—County local option promises to be one of the principal sources of dissension among the delegates to the Democratic state convention. Chairman Garber and Secretary Finley who claims to control 730 of the 936 delegates, insists that county local option was part of the late Governor Pattison's program and must be distinctly enunciated in the platform.

As the delegates arrive today it is apparent there is strong dissension to specifically indorse any more temperance legislation than that enacted by the last session of the Legislature. The city delegations are said to be almost solidly against the plank, while the feeling among the rural delegates is divided.

Garber and Finley and some other district leaders have constituted themselves a committee on platform and have drafted one which they say must be accepted. Tom L. Johnson, it is believed, will discourage specific mention of future temperance legislation. He will have strong support in his effort to secure specific indorsement of franchise taxation. The corporations are taking an interest in feature and there is some active lobbying.

With the arrival of Johnson and the Cleveland delegation today new complications were thrust into the platform controversy. Mayor Johnson emphatically declared against further radical temperance legislation and liberals from the Garber camp began flocking to a steady stream over to the Johnson wigwam.

"County local option is home rule" declared Mr. Finley, "and if Johnson opposes it, he is insincere and inconsistent."

"They said the Jones local option law was home rule, but it is not," answered Johnson. He intimated he would favor a plank declaring for repeal of the Jones law and substituting a law settling local option questions by vote and not by petition. The signs now point to absolute defeat of the local option plans or a compromise. Practically all the delegates have arrived. That Johnson will be a few hundred votes shy of control of the convention is generally conceded, but it appears he may be a considerable factor in the organization of the state committee.

## PATTISON MEN

In Command at State Convention—  
New Committeemen Chosen.  
Survey of Field.

Columbus, O., Aug. 21.—A survey of the field just before the delegates go into action for the state Democratic convention shows that the Pattison forces are in control.

Because the Pattison forces are predominant there is no little interest in what the convention may do about the temperance plank in view of the fact that the election of Pattison by a plurality almost as large as the Republican plurality over the rest of the Democratic ticket was won largely on account of Mr. Pattison's standing with the anti-saloon forces. The summary laws enacted by the legislature last winter made the temperance plank of the Democratic platform this year of paramount importance. This is why there is such interest in certain quarters to see how far the convention will go on the temperance question. It is expected there will be a difference of opinion in the committee on resolutions on the temperance question. (Continued on Page 7, Col. 1.)

UNITED STATES MAY INTERFERE

If President Palma Is Unable to Crush Insurrection.

AN EXPEDITION IS SENT OUT

Many Men Who Fought Against Spain Tender Their Services to the Government—Cuban Army to Be Recruited to Its Full Strength—Unrest Caused by the Uprising.

Havana, Aug. 21.—Although the government feels itself able to suppress the uprising, a feeling of unrest is caused by the conduct of the insurrectionary movement in the western part of Cuba.

There is considerable discussion as to whether, in the event of Cuba being unable to suppress the insurrection, she should ask the United States for assistance, or whether the United States may not intervene under the terms of the Platt amendment without such request being preferred.

President Palma issued a decree placing General Rafael Montalvo, secretary public works, in direct charge of all military operations against the insurgents. President Palma also decreed the increase of the rural guards to 4,000, the number contemplated in the bill introduced at the last session of congress. Many men who served as officers in the Cuban revolutions against Spain visited or telegraphed President Palma tendering him their services to suppress the insurrection.

A special train took 100 rural guards from Santa Clara and 50 artillerymen from Havana to Pinar Del Rio. Not even railroad officials were informed of the precise point of disembarkation of these forces.

It is evident that the Pinar Del Rio insurgents are concentrating in the vicinity of the city of Pinar Del Rio, intent on occupying it for their headquarters.

Both government and railway telegraph wires were cut between Consolacion Del Sur and Pinar Del Rio several hours. Finally a guarded train took workmen from Pinar Del Rio and repaired the lines. The workmen were not molested, but it is expected that the telegraph wires will be cut again. Telephone wires in that region were cut.

Numberless rumors are afloat of fighting in the western part of the province of Havana.

Several more arrests were made in Havana of persons suspected of aiding the insurrection. Some small quantities of arms and ammunition have been seized.

A conspiracy was discovered at Matanzas and the authorities are in possession of a list of names of those alleged to be connected with the plot, several of whom were arrested.

MOB INTERVENED

And Robbed Father of Revenge He Purposed to Inflict.

Columbia, S. C., Aug. 21.—Bob Etheridge, the negro who attempted to criminally assault the 7-year-old daughter of T. H. West, a well-to-do farmer of the Mount Willing section of Saluda county, was taken by the girl's father to the scene of the crime, where he was shot to death by a mob. West lives 18 miles in the country. Etheridge was employed at the home of West. Thursday he asked the child to accompany him to feed the stock, and while at the barn he attacked her. The child was horribly bruised, but the negro failed in his purpose. Although it was reported that the girl's death was momentarily expected, a message from the attending physician stated that there is some hope of her surviving.

It was the intention of the father of the child to take Etheridge to the scene of his crime and there shoot him to death, but he was overtaken by the mob. Etheridge was placed on a drygoods box and asked if he had anything to say. He refused to talk further than to say he was guilty. The mob then proceeded to fill his body with bullets.

Twenty Minutes Time Enough?

To Cure the Worst Headache From Any Cause—New Reduction Method.

Most headaches and some yield instantly to the new Reduction Method—The Twenty Minute Headache Cure. The cause for these pains is congestion—a rushing of blood to the nerve centers—which demands the urge to relieve the burning point. The Twenty Minute Headache Cure is a powerful remedy which acts directly on the congested blood, disperses it, and relieves the pain. It is a new, safe, and effective method for curing the worst headache from any cause. It is sold by R. W. Smith.

WARSAW, Aug. 21.—A boy threw a bomb at 9 o'clock Wednesday evening into a procession which was passing through Chlodna street on its return from a pilgrimage to the Shrine of the Holy Virgin at Rokitno, near Warsaw, wounding two of the processionists. The explosion attracted a

patrol of infantry, who, without warning, fired a volley, wounding thirty persons.

A band of revolutionists attacked a government alcohol store and shot and killed a clerk and wounded two other persons. The band tried to rob the cash drawer. A patrol of infantry surrounded the house and the revolution-

ists fired from the windows but all of them were arrested.

During Tuesday's massacre thirteen policemen, four police sergeants, seven gendarmes and four soldiers were killed, and eight policemen, two sergeants, two gendarmes and six soldiers were wounded. The soldiers, in replying to the attacks on the police

with volleys and charging the crowds, killed thirteen men and two women and severely wounded seventy persons and slightly wounded ninety-five.

During the night shots were heard in different parts of the city, but the casualties have not been ascertained. Five policemen were killed and two were wounded at Plock. The assassins escaped.

DENTIST

Made Rockefeller Wait—The Oil King Sat Beside a Cigar Stand and Watched Crowd.

Cleveland, O., Aug. 21.—John D. Rockefeller's cholera morbus attack has passed away and he was able to come down town yesterday. This was the first time in three days that he has ventured out of the house. He found the heat oppressive and was driven back home faster than he has ever ridden in an automobile.

Altho he had an engagement with his dentist he decided to take a ride, and when he reached the downtown district he thought he would go to the New England Building and sit in the chair provided his dentist was not busy. Finding him occupied, he took a chair beside the cigar stand in the corridor of the big building and for half an hour watched the passing throng and mopped the perspiration from his face. Although hundreds of people recognized him, only two spoke to him, one being an attorney who formerly attended the Euclid Avenue Baptist church. They shook hands and in response to an inquiry as to his health Mr. Rockefeller said:

"I'm feeling a little peaked, but I'm still able to totter around." The oil king sat there until word finally came that the dentist would be unable to see him. Then, buying a handful of cigars for the servants, Mr. Rockefeller climbed into his car and told George, his chauffeur, that "there are times when you can go faster than at other times." George took the tip and sent the car speeding homeward at a swifter rate than it ever before carried its master. The heat had visibly affected the master of Forest Hill.

KNABENSHUE'S AERIAL CRAFT

ENGAGED FOR DAILY FLIGHTS AND EXHIBITIONS AT OHIO STATE FAIR, SEPTEMBER 3, 4, 5, 6, 7.

The Daring Captain Will Daily Steer His Strange Craft Around the Dome of the State Capitol—Exciting Tests of Speed on the Race Course Between the Airship and an Automobile. A Feature of His Exhibitions on the Fair Grounds.

A Roy Knabenshue, America's intrepid aerial navigator, who astounded the world by his daring flights at the nation's capital, and recently established a new long distance ballooning record by sailing from New York City to Boston, has been engaged as a special feature at the Ohio State Fair to be held in Columbus, September 3, 4, 5, 6, and 7. During the continuance of the State Fair last year Captain Knabenshue daily demonstrated to vast crowds the feasibility of aerial navigation and as he has now perfected the mechanism of his craft that he is able to sail the seas of the air during the most turbulent weather, visitors are assured that these daring exhibitions will positively be given twice daily on each of the above mentioned dates.

The new machine is a model of simplicity, combined with strength and lightness and retains but few of the features embodied in the vessel used last year. The gas bag is constructed of seven hundred and sixty yards of finest Japanese silk, imported especially for this purpose, and has a capacity of seven thousand five hundred cubic feet of hydrogen gas.

To insure the greatest safety to the operator, the silk is sewed in squares as bricks are set in a wall, so that in case of accident, a seam could rip out a short distance, allowing but a small quantity of gas to escape, and enabling the navigator to gently descend to the earth. A marked improvement has been made in the rigging of the craft, and instead of the long, ladder-like framework running the entire length of the gas envelope, everything is now compact, the carrying car or rigging being but ten feet long. The car is equipped with cushioned seats, the operator being able to man the vessel with the same comfort and ease as is enjoyed when he is climbing over the waters in his private yacht. The propeller and aeroplanes, formerly located at either end of the gas envelope, are now directly above the carrying car, giving less resistance to the wind and increasing the speed of the ship. A remarkable piece of mechanism of the craft is the gaso-

motor engine which furnishes the propelling power. The engine, which is cooling but ninety pounds, is of ten horse power, and was constructed in its entirety by Captain Knabenshue. The weight of the vessel is about three hundred pounds, with a carrying capacity of one hundred and sixty pounds. Under favorable conditions

the speed attained is forty miles an hour, this being reduced according to the velocity of the wind.

Capt. Knabenshue's contract with the Ohio State Board of Agriculture calls for daily flights over the exhibition buildings and around the race course and in addition to these he will make daily trips to the city, rounding the dome of the State Capitol, and to prove conclusively that he is complete master of the vessel will alight upon one of the numerous skyscraper office buildings. He has also in contemplation several exciting races with an automobile on the race track, and if present plans are consummated this will be a daily feature of his exhibitions. A mammoth aerodome for housing the airship will be erected on the fair grounds, and during the interim between flights the ship can be loosely inspected, while Captain Knabenshue will explain its detail workings.

NEGRO TROOPS WERE SHIFTED

War Department Made the Move to End Texas Trouble.

WHITE MEN AT FORT BROWN

Colored Soldiers Ordered to Another Station on the Rio Grande but Were Not Sent Out of the State—Army Officer Trying to Get at the Bottom of the Affair.

Washington, Aug. 21.—Peace is in sight now on the Texas side of the Rio Grande since orders were issued by the military secretary, Major General F. C. Ainsworth, for the transfer of colored troops from Fort Brown, Tex., where there has been serious trouble between citizens and soldiers, to Fort Ringgold, Tex., about 100 miles above Fort Brown, also on the Rio Grande. One company of the Twenty-sixth infantry, made up of white men, was ordered to Fort Brown to take the place of colored troops.

This shifting about of troops was made subsequent to the report by Major C. W. Penrose on the situation at Fort Brown, and after an appeal by Senator Culberson to the president.

Major Penrose says a Mr. Evans and Dr. Combe, mayor of Brownsville, called on him. Evans said his wife was seized while entering her home by a negro, supposed to be a soldier, as he wore a khaki uniform. Mrs. Evans was unable to identify the man, but both she and her husband complained that the soldiers gathered near their home and annoyed them. That evening Major Penrose made an attempt to get all the soldiers into the reservation early. All but two men who were out on passes were gathered into the post, but shortly after midnight the engagement which resulted so disastrously took place, and the whole garrison was awakened by a fusillade. As soon as the shooting ceased and it seemed safe to make an investigation, all but two soldiers answered the rollcall and the rifles were all in place and showed no marks which indicated that they had been fired. Cartridges and shells made at government arsenals were found near where the shooting took place, and Major Penrose expresses the opinion that eight or nine soldiers who had keys to the gun racks got their weapons, slipped out of the post, and engaged in the battle with citizens and managed to clean their guns, replace them in the racks and regain their places in the barracks during the excitement which prevailed.

Of the attitude of the citizens at Brownsville toward negro soldiers Major Penrose says: "That the enlisted men have been subjected to indignities since their arrival here there can be no doubt, and this caused a good deal of feeling among them. The one case to which I attribute this outbreak I will make the subject of an official report as soon as John W. Vann, the collector of customs, returns to the city."

Major Penrose then outlines briefly the case in question. Two negro privates, Newton and Lipscomb, were passing along a walk, Aug. 5, where some women were standing engaged in conversation with a man named Tate, an employee of the customs office. The negro privates walked single file between the women and a fence. Tate knocked Newton down with the butt of a revolver and is reported to have said, "I'll learn you to get off the sidewalk when there is a party of women on the walk." When Newton rose Tate is said to have commanded him with the revolver, commanding, "Damn you, leave or I will blow your brains out." This account of the affair is corroborated by Lipscomb.

Major Penrose sought an official investigation of the affair, but as the collector of customs, Mr. Vann, is out of the city it has been impossible to have the affair looked into.

## COMPANY G IS HOME FROM CAMP

NEWARK SOLDIERS PLEASED WITH THEIR EXPERIENCE AT THE MANEUVERS.

No Time is Yet Fixed For Election of Successor to Captain George Henry, Now at Port Clinton.

The boys of Company G arrived home all well, safe and sound Monday afternoon and pronounce this year's camp the most successful and enjoyable of any yet. All of the Newark boys withstood the strenuous camp life in fine shape and, with plenty of sunburn, lock well.

The officials are enthusiastic over the maneuvers and the success with which they were carried on, this year's maneuvers being the most extensive of any ever held in this part of the United States. The most interesting event and which thousands of people watched from the distant hillsides was the mammoth sham battle Saturday, which was in one instance not such a sham, in that just before recall during the last bayonet charge the opposing soldiers landed in a hand to hand encounter which it took some effort to stop. At the close of the battle, when the right wing of the Brown army was engaged with the "boys in blue" there was at one time 2000 soldiers on the field in action. With the machine guns and the rattle of rifles the din of battle was said to be very realistic.

A number of amusing incidents are told of the camp and one capital joke at the expense of Major Marshall is going the rounds. The major held the enviable record of having not sworn a "drop" for 15 years. During one of the battles he was ordered to send two companies to the relief of the Eighth which was being driven back. The major dispatched the aid requested and as he stood watching the contest some one asked, "Major, where are the companies you sent out?" Wheeling nervously away he replied, "I don't know where in—they are—all shot to pieces."

The grounds which the state had leased this year for the maneuvers comprises a bit of very good farming land and pastures. Having never been used before it was naturally much cut up by fences of rail and wire. When occasion demanded no stops were made for fences; they were promptly destroyed with axes and wirecutters. Now and then a cornfield would be surrounded by signals meaning that it should not be entered and the same way where other crops were being raised. Care was taken in order that no irreparable damage was done. Special men took note of the damage done, all of which will be paid the farmers by the state.

The Newark boys express themselves much pleased with the military experience of the camp. The election of a captain in Company G to take the place of Captain Henry is expected to take place at an early date.

Hurbaugh certainly has big furniture wagons, because they move very near every family in one load. 5-21dt

## SERVICE BOARD WILL GO AHEAD

WITH CONSTRUCTION OF THE MUNICIPAL WATER PLANT ACCORDING TO PLANS.

No Further Action Was Taken by the Council at Last Night's Regular Meeting.

A short session of the city council was held Monday night when matters of a more or less important character were up for consideration. Although a resolution was presented to instruct the board of service to proceed at once with the construction of the water plant and was declared out of order, it practically directed the board to go ahead, inasmuch as no action was taken giving them instructions to the contrary.

Councilman Joseph R. Moser's name was signed to the resolution. After the clerk had finished reading the communication, President Russell declared the resolution out of order. He stated to the council that that body had passed a resolution months ago directing and authorizing the board of service to proceed with the work and that it was not necessary to take the same action again. The fact that the courts have dissolved all the injunctions gives the board all the authority necessary to proceed with the work.

Council was presented with a petition from six property owners along Day avenue, representing more than two-thirds of the frontage on that street, asking for a cement sidewalk. The petition was received and filed.

A resolution was introduced by Mr. C. L. Conrad to the effect that the street committee be notified to investigate the advisability of extending Sixteenth street from Granville street north to the corporation line and from that point to confer with the county commissioners regarding further extension. The matter was referred to the street committee.

Mr. Charles Hartshorn, a property owner in that community, addressed the meeting, stating that there was no outlet to the land lying north of Granville street opposite Sixteenth and that the county commissioners would take care of the matter after the council had acted upon it. He stated that the nearest way across to the "Kelley settlement" from Granville street is to go to Fourth and out through North Newark.

After disposing of the water works matter in short order, council was adjourned, having been in session only about one hour.

The report of the mayor on the current ordinance introduced at the last regular meeting was heard, received and filed. In the report the mayor stated that there was already such an ordinance and that it had been introduced several years ago. The ordinance prohibits children over five and under fourteen years of age from being on the streets of the city after 3 o'clock, unaccompanied by older persons.

The finance committee reported the awarding of the Locust street paving bonds to the Franklin National bank for \$10,000.

## NEW CONSULTING ENGINEER NAMED

Toledo Firm Gets Contract to Serve City in Building of New Water Works Plant.

Following the action taken by the City Council Monday night when it was declared that the Board of Service needed no order from that body to proceed with the water works construction, came the announcement of the appointment of consulting engineers to succeed W. P. Mason who was L. K. Davis's successor.

It was announced in the B. P. S. rooms Tuesday that the Riggs & Sherman company of Toledo, consulting engineers, had been selected by the board to represent them and consult with them in the construction of the plant. Mr. W. J. Sherman, a member of the firm, will represent the engineers on the Newark job, and will place the matter in the hands of resident engineers, who will work under Mr. Sherman.

Mr. Sherman is now in the city and has been in consultation with the members of the board regarding the plans for the plant. No changes have been announced, but it is believed that some changes will be made.

It is estimated that there are 770,000,000 postal cards used annually in the United States, while Germany uses 1,164,000,000 and Great Britain 612,000,000.

About \$25,000,000 worth of linen goods are exported annually by Great Britain and Ireland, of which one-half is shipped to this country.

Mattings to the value of \$2,547,498 was exported from Japan last year, 40 per cent of it went to the United States.

Sixteen thousand motor cars of all grades were made in England during 1905 and were worth about \$20,000,000.

## CLUBS FOR TROLLEY MEN.

What the Employees of One Road Have For Their Diversion.

A conductor on the Flatbush line of the Brooklyn Rapid Transit company remarked the other day that he thought corporations were "getting wise," says a correspondent of the New York Post. "I ain't sayin' it's entirely on account of philanthropic notions and nothing else," he continued. "It's mostly because they have to keep abreast of the times. What do I mean? Why, makin' it pleasant for the men and not forgettin' they've got wives at home in most cases and children who need to be helped along a bit if the father is sick or if he dies. The company has got up a club that all the boys belong to. We've got a club building on Jamaica avenue, in East New York, and that whole outfit cost \$40,000. That was given to us by the company when we started in 1902. Now we've got club-rooms at eight other stations, and there are two more being made ready. There's a readin' room, to begin with, in the main club building just as you go in. The boys when they have a few minutes between runs can drop in there and take a wink at the newspapers and magazines or have a whack at billiards and pool. Behind that there's the gymnasium, as good as any in the city, and just in the rear of that is the theater, which is fixed so that the wall between it and the gymnasium and the readin' room can be pushed back and give a seating capacity of a thousand.

"They have vaudeville and stereopticons, movin' pictures and all that, and for one thing the band must always play several selections. The band is made up from our own men. None of 'em knew a note to begin with, but our bandmaster licked 'em into shape in no time.

"The clubs are all self supportin', and just now at headquarters we're \$5,000 ahead of the game. We give a benefit of a dollar a day when a man's sick, up to as much as \$90 in one year, and we pay his family \$150 when he dies."

More Truth Than Poetry.

## An Animal Story For Little Folks

### The Handsome Gobbler

"What an insignificant little thing you are!" exclaimed the big turkey gobbler as he strutted past a puny chick who was taking its morning meal in the barnyard. "I am so very thankful that I am not such a babe as you."

"I am glad you are pleased with yourself," answered the little chick.

"Pleased with myself? Why, certainly I am, and why shouldn't I be?" ex-

He was taking his morning meal.

claimed the big gobbler. "Look at me; handsome and useful, and large and fat. When I pass the turkey hens all gaze at me in admiration and the other gobblers look on in jealousy."

"But it doesn't always benefit you to be large and fat and handsome," said the little chick.

"Oh, yes, it does," replied the gobbler. "Here comes the farmer now. We will see what he says."

Just then the farmer came along.

"My, my! What a magnificent gobbler!" he cried. "I shall kill him tonight for dinner tomorrow."

And he did. A fine Constitution.

The Optimist.

"What's an optimist, dad?" "An optimist, son, is a man who says, 'Well, any way I won't be any worse off than I am now.'"

Just then the farmer came along.

"My, my! What a magnificent gobbler!" he cried. "I shall kill him tonight for dinner tomorrow."

And he did. A fine Constitution.

### COMING OF HARVESTERS.

What Outside Help the West Will Need to Move Its Wheat Crop.

The influx of harvesting hands is one of the most interesting features of the crop moving preparations at the west, says an Abilene (Kan.) correspondent of the New York Post. It is worth coming a long way to see. The men who come from the east and go into the harvest fields by the thousands have practically nothing with them when they arrive. The state of Kansas asks for 20,000 men this year. Oklahoma took 19,000. Nebraska will want 20,000. The workers remain in the fields for a full month, as they move along with the harvest's progress from south to north. They get from \$1.50 to \$2.50 a day, an average of perhaps \$2 and board. They are an addition to the hundred thousand workers who live at home and help in the harvest. Many communities take none of the outsiders. But they are the ones for whom a vast amount of food and laundry is needed.

A good portion of the men line up at the country stores on Saturday night and send a staff a part of their money. The currency remains, however, and this is why the banks are able to get along with them without seem to possess. The hundreds of thousands paid to the workers in every wheat country are by no means all spent before the men go home. Some of the men do not even pay railroad fare, for they have a way of taking possession of a freight train and riding free whether or not the crew is satisfied with the action. Fully one-third of the money earned is carried home in pockets or sewed in the linings of coats.

Hon. W. A. Ashbrook, Democratic candidate for congress in this district, reached Wooster Friday for the purpose of meeting Democrats and becoming acquainted with our people generally. He spent Friday and Friday evening calling on Democrats and has created a most favorable impression with all whom he met. He is a young man who has made a decided success in life. He was born in Licking county, learned the printer's trade and is now editor and publisher of The Johnstown Independent, one of the most thrifty and able country newspapers in the State. He is also interested in other business, and has made a success in all his ventures. He is broadminded and liberal in his views and opinions, and is equipped in every way to represent the district in the congress of the United States. No Democrat need hesitate to endorse him with his support, for he never proved recreant to a trust. Mr. Ashbrook expects to visit the various sections of the country, and, of course, will meet many of our Democrats, who, we are sure, will find him a leader worthy of confidence.—Wooster Journal.

The most recent statement of our trade with our outlying possessions shows that while there was an increase of about 20 per cent in the aggregate, yet our trade with the Philippines experienced a falling off. This will not be a pleasant fact for the imperialists who have been declaring that we would be repaid for our vast outlay in getting and keeping the islands by the great trade we would acquire with them. Possibly we might build up an important commerce with the Philippines if our standpaters would not interfere. But they have blocked the way to fair dealing with the islanders, and the latter are evidently coming to recognize the fact and to resent it. Our benighted tariff policy has prevented the islanders from prospering as they should and militated against such an increase in our trade with them as would have been shown if a different attitude had been assumed by our lawmakers.

### DEMOCRATIC STATE CONVENTION.

Pursuant to the order of the Democratic State Central Committee, notice is hereby given that the convention of the Democrats of the State of Ohio, to nominate candidates for state offices, to be voted for at the November election, 1906, will be held at Columbus, Ohio, on Tuesday and Wednesday, August 21 and 22, 1906.

Each county will be entitled to one delegate and one alternate for each 500 votes cast for John M. Patterson for Governor of Ohio, at the November election, 1906, and one additional delegate and alternate for the remainder of votes exceeding two hundred and fifty. The prescribed number of delegates to this convention shall be elected through primaries, delegate conventions, or mass conventions held in the county for the holding of which at least ten days' notice shall have been previously given designating the time and place for the holding of such primaries and conventions, and called by the controlling committee of the party in such counties. No County Central or Executive Committee shall have power to name delegates to the state convention.

The delegations will meet by districts at 2 o'clock p. m. on Tuesday, August 21, at such places as may be designated by the Committee on Arrangements for the purpose of selecting one member of each of the following committees: State Central Committee, Credentials, Rules and Order of Business, Permanent Organization, Vice President and Secretary. All of such committees will meet at places to be designated by the Committee on Arrangements at 4 o'clock p. m. on the same day. The convention will be called to order in the Franklin County Memorial Hall on East Broad street at 7:30 o'clock p. m. on Tuesday, August 21. The temporary officers will be: Chairman, Judge R. P. McCann, of Montgomery; Secretary, Price Russell, of Wayne; and Sergeant-at-Arms, Bert S. Bartlow, of Butler. At such convention candidates shall be named for the following offices: Secretary of State, Dairy and Food Commissioner, Commissioner of Common Schools, and Member of Board of Public Works. The apportionment of delegates and alternates in the convention shall be as follows:

Anderson, Ind., Aug. 21.—William Boland of this city was appointed receiver for the Decker Oil company of Fairmont, Ind. He went to Fairmont to begin making an inventory of the company's property, which will require several days. The company was capitalized at \$100,000.

#### Humidity Was High.

St. Louis, Aug. 21.—One death and three prostrations were reported here as a result of heat. Five prostrations were reported in East St. Louis. The highest point reached in this city was 89, but the humidity was also high.

#### Snow in the Alps.

Vienna, Aug. 21.—Severe thunderstorms and hailstorms occurred in many parts of Austria and Hungary. A great deal of snow fell in the Alps and many tourists are snowed up in shelter huts there.

#### OIL FUEL TRIED

Officer Recommends That Torpedo Boat be Fitted to Burn Coal Instead.

Washington, Aug. 21.—After a trial of oil fuel on the torpedo boat Gwin one year the officer in command of the reserve torpedo flotilla recommended to the navy department that the Gwin be fitted to burn coal instead of petroleum. The best speed obtainable with oil fuel on the Gwin was about 16½ knots, while the sister ship, the Talbot, burning coal, obtained 20 knots.

The committee having charge the law felt to be given by the members of Licking County, 121. Uniformed Knights of Pythias, on the Pythian lot on East Main street, Tuesday evening, extend a cordial invitation to everybody to attend. An evening full of enjoyment is assured all who attend for the small sum of ten cents. 18421

### Y. M. C. A. NOTES

The educational work of the Newark Y. M. C. A. will be much enlarged this year along different lines, and some new features will appear. Among these, one feature having the widest scope is a series of practical talks to be conducted by experienced men on topics of immediate interest to different groups of men. On September 25 a practical talk will be given on the subject of "Plan Reading and Plan Making" to men interested in the carpenter, mason and other building trades, and another on September 28 to those interested in electricity on the subject of "Electricity and Its Ap-

plication." Other talks proposed for the winter are, "First Aid to the Injured," "Care of the Eye," "The Art of Advertising," and "The Use and Abuse of a Razor," etc.

Another distinctive feature will be a popular entertainment course to take the place of the lecture course of former years. This promises to be one of the greatest popular entertainment courses in the history of the Newark Y. M. C. A., and consists of high-class attractions. The association have arranged to give ten numbers for the price of \$1.50, and have secured such men as Frederick Warde, America's greatest tragedian and Shakespearean scholar, who will open the course October 5th; the Welsh Prize Singers, Pitt Parker, crayon humorist, Paul M. Pearson, literary reader, Josephy, magician, Herbert Sprague, impersonator, Chas. R. Taggart, entertainer, The Rockway Concert Co., and others have been secured.

A great many theatre goers will remember Frederick Warde, the first number on the course, whose last appearance in the city was with Louis James in "The Tempest," at the Auditorium.

Numerous other features are being planned for the winter, and great hopes are entertained for the future of the association.

### CRAYTON A DELEGATE

Chaplain Starr Has Hopes of Landing Prison Congress of 1907 in Columbus.

Advices received by Rev. D. J. Starr, D. D., Ohio Penitentiary chaplain, within the past few days indicate that the chances are good for the Columbus landing the national prison congress for 1907.

Dr. Starr is very desirous of securing this big meeting for Columbus, and at the convention in Lincoln, Neb., last year presented an invitation.

Dr. Starr says he has received promises from several members of the congress that they will support the claims of Columbus. This meeting will bring several hundred visitors to the city.

The delegates who will represent the Penitentiary at the Albany congress are McEldin Dun of Bellefontaine, Edward W. Crayton of Newark, both of the board of managers, and Warden O. B. Gould and Chaplain D. J. Starr, D. D.

#### He Was in Trouble.

### GIRL KILLED IN BROOKLYN RIOTS.

Miss Fannie Rodinsky.

New York, Aug. 21.—The prosecution officers of Kings county are seeking to fix upon some one the responsibility for the death of Fannie Rodinsky, who, it is alleged, was run down by a Vanderbilt avenue car on the Long Island Creek trestle Sunday when the scenes of disorder were at their height.

The mortician is said to live on West Twenty-seventh street, Manhattan, and the conductor in Bedford avenue, Brooklyn. Three witnesses have been examined by Assistant District Attorney Peter P. Smith. There have been no arrests yet in the case.

## INTERURBAN CAR JUMPED TRACK

THREE PEOPLE KILLED AND TWENTY INJURED NEAR WAPAKONETA.

Fell Off Cliff—One of Hooh's Wives Dead—Oil Price Cut—Negro Shot—Ohio News.

Wapakoneta, O., Aug. 21.—A Western Ohio interurban car jumped the track while going at full speed at Cridersville, five miles south of here, killing three persons and injuring over 20. The dead: John Van Clapper, motorman, Lima; Otto Koch, passenger, Wapakoneta; Miss Iva Rinnard, 18, telephone girl, Cridersville. The car ran off the curve and crashed into a residence. Van Clapper was instantly killed and Koch, who was in the smoking compartment at the time, was so badly injured he died an hour later. Miss Rinnard was crossing the street when the car struck her, burying her beneath the debris. None of the passengers were seriously injured.

One of Hooh's Wives Dead. Hamilton, O., Aug. 21.—Mrs. Michael Fetzer, wife of a saloonist, died of stomach trouble after an illness of 12 hours. Mrs. Fetzer was one of the many wives of Johann Hooh, recently executed in Chicago. She married Hooh in Cincinnati, when she was Mrs. Doess. Hooh deserted her in two months, taking her money, amounting to \$1,100.

#### Fell Off Cliff.

Marietta, O., Aug. 21.—S. T. Law, a railroader of Philadelphia, claiming to have a sister at Columbus and a brother at Tiffin, O., was found dead near Cutler, O. Law had been ill and was staying in a cabin near Cutler for the benefit of his health. He was at Cutler and while walking home fell over a high precipice along the road and broke his neck.

#### Price of Refined Oil Cut.

Cleveland, O., Aug. 21.—Refined oil declined one-half cent per gallon. The Standard Oil company's new quotations are as follows: Water white, Ohio state test, 9½c; headlight, 17½ degrees, 10½c; kerosene, 10½c. There is no change in the quotations on Ohio state test oil or on gasoline.

#### Many Children Die.

Springfield, O., Aug. 21.—This city is having an alarming epidemic of cholera infantum. Mortality from this cause is greater than for 12 years, being 18 deaths so far this month and 40 deaths within three months.

#### Negro Shot.

#### Defoe's Island Gone.

New York, Aug. 21.—It is reported that the South American earthquake destroyed the island of Juan Fernandez, off the Chilean coast. It belonged to Chile, and a penal settlement and a fort were located there. This is the island made famous by Daniel Defoe as the scene of the adventures of Robinson Crusoe.

#### Dead a Week.

Sandusky, O., Aug. 21.—J. W. Ainslee, a laborer from Akron, was found dead in bed in an old house on the outskirts of the city. He had been dead a week, and the coroner, after satisfying himself that death was natural, ordered the remains buried at once.

#### Condolence For Chile.

Washington, Aug. 21.—President Roosevelt sent a message to the president of Chile expressing condolence over the misfortune that has befallen that country.

#### Total Appropriations.

Washington, Aug. 21.—According to a statement issued by Thomas P. Cleave and James C. Courts, chief clerks respectively of the senate and house committees on appropriations, congress at its last session appropriated for the fiscal year 1907 the exact sum of \$979,589,185.16, representing an increase of \$59,004,552.29 over the sum appropriated for 1906.

#### Floods In Arizona.

Los Angeles, Cal., Aug. 21.—Floods in Arizona and southern California as a result of cloudbursts completely tied up transcontinental lines of the Santa Fe and Southern Pacific. No trains have gone east from here since Saturday, and several bound both ways are held at various points. The rain has ceased and conditions are improving. Both roads expect to have the tracks cleared and traffic moving again today.

## TOWNS ROUND ABOUT NEWARK

## NEAR GRANVILLE

Sunday Schools of St. Albans and Granville Townships Hold Picnic in the Stark Grove.

Granville, O., Aug. 21.—The Sunday schools of St. Albans and Granville townships are holding a union picnic today in the beautiful grove of Mr. Christopher Stark, two and one-half miles west of the village. There is a large attendance, and all the schools are largely represented. The older people as well as the younger, are having one of the times of their lives.

Alex Thomas and children of Delaware, have been visiting relatives and friends here for several days.

Mrs. Bennett and daughter, Miss Faye, have moved to New Cumberland, W. Va., where Miss Faye has secured the position of teacher in one of the schools of that place.

Thomas Morris of Columbus, was in town Monday shaking hands with old friends.

Miss Hallie Thomas of Lancaster, who has been visiting friends in Granville, returned home Monday.

Fred Hobart has purchased a new hydraulic cider mill and moved it out to his farm on Monday. Fred's will be a good place to visit.

## GRANVILLE WEDDING

Coshocton Society Delighted Over the Rev. C. M. Eddy's Choice of a Bride.

Coshocton, Aug. 21.—A number of Coshocton people will go to Granville September 5, to attend the wedding of Rev. Clarence M. Eddy and Miss Grace Harford, daughter of Rev. and Mrs. C. N. Harford. The wedding will be followed immediately by a reception at the Harford home and soon after the happy pair will come to Coshocton where they will go to housekeeping at 634 Locust street.

A host of congratulations and good wishes await them in Coshocton. While Mr. Eddy has been pastor of the Baptist church but a few months, it has been long enough for him to win the sincerest regard of many people both in his own church and in other congregations and the acquaintances that Miss Harford has made during her brief visits here are all delighted that she is to call Coshocton home, and that mere acquaintance may have an opportunity to ripen into friendship. Her lovely soprano voice will make her quite an acquisition to Coshocton musical circles.

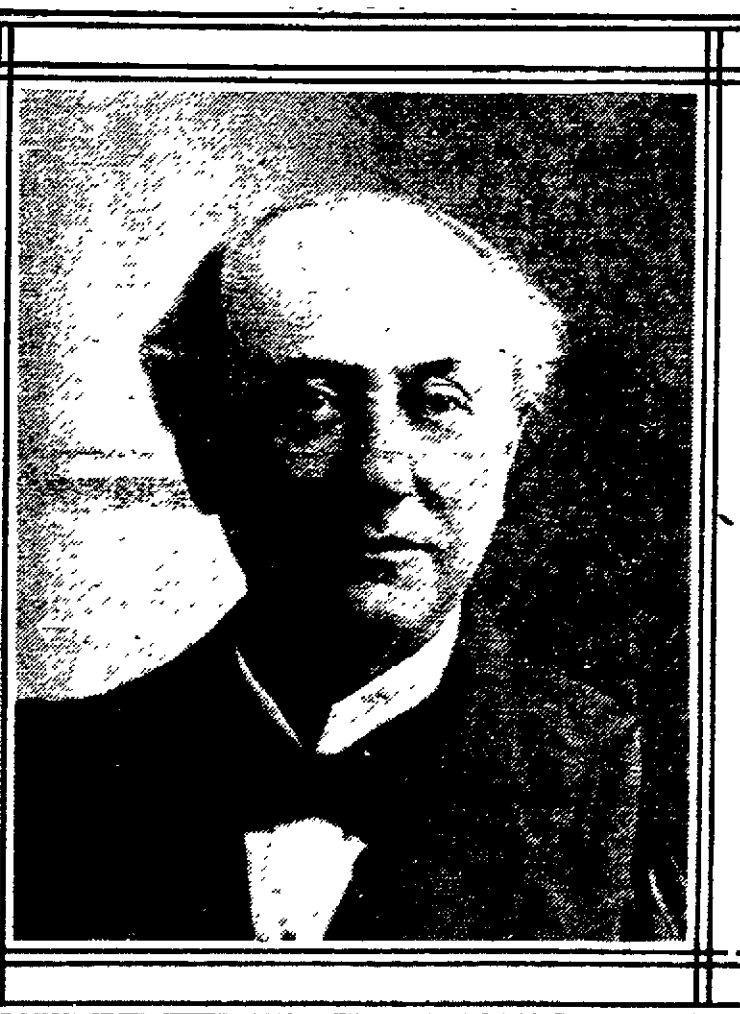

## RACES CLASH

Mt. Vernon Trouble Starts With the Beating of a Merchant—Whites Take Up a Chase.

Mt. Vernon, O., Aug. 21.—A race war came near resulting here late yesterday afternoon when Charles Arnold, a merchant, was assaulted by three colored men and the top of his head almost beaten in.

The whites took a hand in the difficulty and chased the colored men several blocks, but were prevented by the police from doing violence. Feeling is high, as this is the second clash that has occurred recently.

## PEOPLE IN THE PUBLIC EYE

David J. Brewster.

Associate justice of the supreme court of the United States, whose recent addresses on public questions have attracted widespread attention

## GOING AHEAD

State Live Stock Commission Will Not Hesitate to Stamp Out Glanders.

Columbus, Aug. 21.—How far the state board of live stock commissioners can go in examining horses believed to be infected or exposed to glanders will be determined when the injunction suits are argued at Dayton.

O. E. Harrison, special counsel in the attorney general's office, left last night for Dayton to represent the state in pending injunction suits to restrain the state from using the Mahlein test or in killing animals said to be infected with glanders.

The state board is ignoring the protective association of horse owners of Dayton and is going ahead with its work to stamp out the disease.

## BAKER REUNION

Nearly 600 Attended Gathering in the Phillips Woods North of Rushville—Tom Tabler There.

Thornville, (Beech Woods), Aug. 21.—The second Baker reunion was held in Wm. Phillips' woods two miles north of Rushville, Wednesday, 300 of the Baker family and connections, and about 250 visitors being present. The following persons made interesting addresses: President Dr. W. H. Baker of Pleasantville; Secretary J. C. Elder, Omega Seibets, Rev. Mr. Peebles of Pleasantville and others. At the noon hour a 150 foot table was arranged for all present. Music was furnished by the Rushville Military band. The necrological report showed three deaths since the first meeting, one year ago, and the financial report amounted to \$25.

Among those from a distance present were Mrs. Arnold and son Dr. William of Illinois, Mr. Wes Tabler of Lima, Dr. Hunt Baker of Piqua, Ed Kerr and family of Marysville, and Thos. Tabler of Newark. Mr. Wm. Phillips was extended the unanimous vote of thanks of the people for his hospitality in making the occasion a success. The next Baker reunion will be held the third Wednesday in August in the same grove in 1907.

## MAY SETTLE CASE

Mt. Vernon, Aug. 21.—The William Simpkins case may be settled after all. A telegram to the Advocate yesterday afternoon said that the matter had been postponed until next Saturday by Justice Harter. Jennie Raley has told the court that Simpkins offered her \$10 a week towards the support of the children but she demands more. The parties may agree out of court.

## HOUCK NO CANDIDATE.

Mt. Vernon, Aug. 21.—The Democrats of Morrow county on Saturday endorsed Hon. L. B. Houck of Mt. Vernon for Congress from the fourteenth. Mr. Houck declares, however, that he is not even a receptive candidate.

JOHN HOOPER'S FUNERAL. Centerburg, Aug. 21.—John Hooper of Rich Hill, who died Sunday afternoon at the infirmary of old age, was buried today. The deceased was about 78 years of age and he is survived by his wife and three children.

## NEAR DEATH UNDER A TRAIN

FATHER OF A NEWARK WOMAN HAS CLOSE CALL AT NEW CONCORD STATION.

Disorderly Hobo Who Landed in the Prison, Nearly Caused John Percella's Death.

A globe trotter who refuses to give his name came near being the indirect cause of the death of John Percella, an aged citizen of New Concord, and father of Mrs. George Blansinger of this city, Monday evening by being ground beneath the wheels of Chicago west-bound passenger train No. 47 on the Baltimore and Ohio railroad. Friends of Percella rescued him from the railway track before the fast approaching wheels reached his body, yet quick action alone avoided the fatality.

Mr. and Mrs. George Blansinger of Newark, the latter the daughter of Mr. Percella, had been visiting him in New Concord. He was down to the train to see them away and carried their babe in his arms aboard the train. The globe trotter was creating a disturbance on the train and it was all the conductor, brakeman and male passengers could do to subdue him.

The train stops but a few minutes at New Concord. Before Percella could get past the "hobo" the train was moving. In stepping off he missed his footing and fell beneath the train. For a moment death seemed certain. Then it was the rescue was made.

But this was not the only result of the disorderly conduct of the unknown man. He broke the bell rope in the coach, broke a window pane and had women passengers so frightened that for a while they were huddled together in one of the cars to avoid being hurt.

A telegram to Zanesville secured police aid. Handcuffed, the unknown was taken in the patrol to the Zanesville prison. He has been in jail there before, being arrested for drunkenness. It is said he not only caused trouble, but also refused to pay his fare.

## MR. MOREY TO QUIT GAS WELL SHOOTING

Mt. Vernon, O., Aug. 21.—W. M. Morey, well-shooter for the Marietta Torpedo company, has announced that if he gets through the month of August safely he intends to quit the business in which he has been actively engaged for nearly all the wells in the Knox-Licking field that have needed nitro-glycerine treatment. He expects to engage in the moving picture business.

## THORNTON NO MORE.

Thornville, Aug. 21.—The name Thornton will soon be a thing of the past as the Z. & W. railroad will change the name of their station to Thornville. The confusion to shippers in billing has been assigned as the chief reason for the change in name.

## IS ADJUDGED INSANE.

Thornville, Aug. 21.—Isaac Wiseman, a farmer aged 60 years, living near New Salem, has been adjudged insane and sent to the Ohio State Hospital in Columbus. He has been treated there through two former attacks and was sent back at the request of relatives and the superintendent of the hospital.

## ROBT. BOYD'S FUNERAL.

Coshocton, Aug. 21.—Robert Boyd, who died after a residence of 25 years in Coshocton, was buried this afternoon, Rev. Mr. Robertson officiating. Mr. Boyd who was one of Coshocton's leading men, was born in Martinsburg in 1853.

## LEAVE ICE CREAM

TO PAY ROOM RENT. Delaware, O., Aug. 21.—C. G. Rose is absent from the city and the assistants at the Sugar Bowl have also decamped. All Rev. Dr. Shaffer, the owner of the business room, has a lot of candy and melted ice cream and a \$350 mortgage.

## MT. VERNON WOMAN SHOT.

Mt. Vernon, Aug. 21.—Yesterday afternoon while W. C. Armstrong was shooting at English sparrows the bullet from a rifle glanced and struck Mrs. Earl Drake in the abdomen as she was standing in the door of her home. The wound may cause her death. She is a prominent society woman.

## BARE FREES FATHER.

Columbus, Aug. 21.—Arthur Gladden, who was indicted by the last grand jury on a charge of larceny has given himself up to Judge Dillon. Gladden had one of his babies on his arm, and the picture so impressed the court that he allowed him to go on his own recognizance.

## REUNION AT GAHANNA.

Summit Station, Aug. 21.—The Dawson-Buckingham reunion was held at the home of Wm. Dawson at Gahanna, August 13. Over one hundred guests were present who greatly enjoyed the social visit and the many good things provided for the coming man. Officers elected for the coming year were: F. D. Dawson, president; Miss Iron Fawcett, secretary. Next meeting will be at Goodale Park, August, 1907.

## AMUSEMENTS

## VOGEL'S MINSTRELS.

John W. Vogel's Big City Minstrels is said to be the most conspicuous organization traveling, presenting a long and varied program, teeming with crisp bon-mots, witty flings and new magnetic features, up to date, up to demand, and up to every expectation, giving equally excellent enjoyment to everybody. This company of merry makers will appear at the Auditorium on Wednesday, August 22, and as Manager Vogel has always given the minstrel loving public a high class entertainment, the house should be packed.

## IKEY AND ABEY.

Through the breadth and length of the land, the fame of James B. Dille, as a successful playwright has been indisputably established. His success in humorous writing may be attributed to the fact that he does not exaggerate his characters—but is true to nature. His plots are witty—connected and wholesome, and the innocent fun he can extract from the simple events of daily life is marvellous. Particularly is this true of his great success, "Ikey and Abey," suggested by Edward R. Salter. The ladies and gentlemen of the company are all recognized artists, who have been selected with regard to their fitness for the various roles they portray. Suffice it that they are all stars in their lines of work, and the combined constellation in the cast produces a brilliancy of effect most entrancing, bewitching and satisfactory. "Ikey and Abey" will be presented for the first time here on Thursday, August 23 at the Auditorium.

## ESCAPED UNHURT DIED OF FRIGHT

HIGH SCHOOL TEACHER OF NEW CONCORD WHILE DRIVING MONDAY NIGHT

Jumped From the Buggy in Runaway Fell in Swoon and Soon Afterward Died.

Zanesville, Aug. 21.—After escaping unhurt from a runaway last night Miss Mary Pollock, a high school teacher of New Concord, died from the effects of fright. She was driving with Miss Mary Moore when the horse ran away. Miss Pollock jumped out and did not receive a scratch. A moment later she saw the vehicle dash against a wagon at the foot of the hill. She fell in a swoon and died three hours later. Miss Moore was unhurt.

## TWIN SONS

Who Were Kidnaped Twelve Years Ago Overheard a Talk and Found Their Father.

Marion, O., Aug. 21.—Peter Little, a local business man, was reunited yesterday with his 12 year old twin sons, Albert and Benjamin, who were kidnaped when babies nine months old. They had been living near Lima with relatives of Little's first wife, from whom he was divorced shortly before the disappearance of the twins. The court had given him the children. Recently the twins accidentally heard a conversation which apprised them of the fact that they had been stolen. They wrote a letter here and found their father. Little says there will be no prosecution.

The members of Licking Company, U. R. K. P., will give a lawn fete on the Pythian lot, 192 East Main street, on Tuesday evening, August 21. The members of the company will appear in full dress uniform, and the affair will undoubtedly be the success par excellence of the season. Ten cents will be charged and an invitation is extended to all to be present and participate in the enjoyment of the occasion. 18-3

## "SWIPED"

A Souvenir, and a Riot Between the Whites and Blacks Followed—Negro Will Die.

Sandusky, Aug. 21.—A riot started at Herbster's souvenir stand at Put-in-Bay yesterday afternoon, when a negro stole a piece of leather goods. Sergeant Eshelbach attempted to arrest him, but he resisted, other negroes coming to his aid.

The whites formed behind the officer and fought the blacks with clubs and stones, screaming in driving them off for a while. Later James A. Shuler, white, was attacked and badly hurt. Ralph Hammond is also hurt. Three negroes were very seriously hurt and one is not expected to live.

Later trouble was started at the new Colonial building but was quickly ended by the police who succeeded in getting most of the negroes off the island, although a few are still left. Four are under arrest. No further trouble is expected.

The black diamond is so hard that it cannot be polished.

## SUPREME COURT DECIDES CASE

THAT IS IMPORTANT TO ALL DEPOSITORS IN THE NEWARK SAVINGS BANK.

Preferred Creditors of Insolvent Bank Permitted to Recover Full Amount of Deposits.

Depositors in the Newark Savings Bank will no doubt be interested in a decision made June 12, 1906, by the Supreme court of Ohio, in the case of Orme and Okey, receivers, against the Commercial Bank company of Cambridge, O., in which the court found that on June 11, 1904, from evidence adduced in the Common Pleas court of Guernsey county in a suit brought by one Baker who had been a depositor in the bank having \$99 on deposit, and on June 13, 1904, Baker deposited two checks (on other banks, made payable to himself) which he was given credited for of \$184; when the bank failed and went into the hands of the receivers, Baker, the depositor, brought suit against the receivers to recover those deposits. The evidence, together with the undisputed facts, showed that Patterson was the cashier, also a director, and had then actual management of the bank affairs—the board of directors paying little or no attention to the business of the bank—leaving that to Patterson, the cashier. The fact further appeared, that quite a while before the bank was closed, an examination of the affairs of the bank by the directors would have disclosed the bank to be insolvent, which the directors did not make.

The court further finds that the board of directors, as a matter of fact and law, created the cashier, and the knowledge of the cashier was knowledge of the bank (directors), and under the law, the board of directors is chargeable with the knowledge of the condition of the bank, as could have been ascertained by the exercise of ordinary care. The court finds that keeping the bank open for business after, its condition, known to the cashier was an invitation to the people to deposit, and was a fraud, which will vitiate the transaction as a deposit, and prevent any title from vesting in the bank, and no title passed to the bank, to such deposits.

The court cites with approval, the case of Richardson vs. the New Orleans Debenture company (102 Fed. Rep. P. 780) which decides, "That when a bank secures money on deposit after it was insolvent, the fraud avoids the implied contract between the parties by which the relation of debtor and creditor would ordinarily arise, and prevents the money deposited from becoming the property of the bank, and a trust is the equitable result."

The Court of Common Pleas decided in favor of Baker, the depositor, the Circuit court decided the same way, and the Supreme court affirms said judgments, deciding that Baker, the depositor, is entitled to the amount of the money and checks deposited by him, and the receivers will have to pay it.

## A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist church, Belair, Ga., says of Electric Bitters: "It's a God-send to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. It's made a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee at Hall's Drug Store. Price 50 cents.

## DOG TAGS HERE

Board of Service Receives 500 Aluminum Tags to be Issued to Dog Owners.

A mysterious package was delivered at the board of public service office Tuesday. After due investigation it proved to be the long delayed dog tags. In a few days the blanks will be ready to issue the licenses and then Clerk Munch will be a busy man. There were 500 of the tags, all numbered consecutively. Already requests have flooded the office of the clerk and even the Mayor's office, asking that Tag No. 1 be reserved for special parties. It has been decided that it will not be necessary to issue the tags consecutively, but a close record will be kept on all tags issued.

## Deafness Cannot be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound in your ears, which is due to the mucous surface being irritated. It is entirely curable. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness cured by Hall's Catarrh Cure. Send for circular, free. F. J. CHEENEY & CO., Toledo, O. Sold by Druggists. Hall's Family Pills are the best.

question, the plank to be submitted calling for the passage of a county option law. This proposition will be opposed by the liquor interests. Several counties contain small cities, the rural population outnumbering the town folks about four to one. Liquor interests point out that while the small city may be wet, after an election in the corporation, it may be voted dry by the remainder of the county, whether the people in the corporation want to be dry or not. The resolutions committee will have a chance to wrestle with the subject, for such a plank will have the backing of the leaders of the Pattison forces.

There will be several changes in the Democratic state central committee this year. Before the delegates entered into their district caucuses it was said that Frank Harper of Mt. Vernon, representing the Fourteenth district, and chairman of the committee the past year, will not be a candidate for committeeman. Thomas Madigan of Cleveland, who was secretary, will be succeeded by Mr. Lapp, so that the new committee will have a new chairman and a new secretary. Mayor Johnson is to succeed the present member for the Twentieth district. Whether he will try to secure the chairmanship depends on the choice of committeemen in other districts. It is here that the contest between Johnson and Garber will be most pronounced.

New committeemen were chosen by the Hamilton delegation. John Roth for the First district and Fenton Lowery for the Second. In the Twelfth James Ross succeeds Fred Heer. Several other changes are certain, and there will be some anxiety to know how the new committee will line up when it meets to organize.

The first of the Hamilton county delegation to arrive was Lewis G. Bernard, who came Monday. It is said he came on a secret mission which he declined to divulge. Despite reports that Bernard was completely routed in Hamilton county, he still has 22 votes in the delegation, more than the total vote of several rural counties combined.

Judge B. F. McCann, the temporary chairman, was at the head of the Montgomery delegation, which came on a special train.

Tom L. Johnson, the Cleveland mayor, and his party, arrived at 10 o'clock. His headquarters are at the Hartman.

At the head of the Hamilton county delegation is Mayor Dempsey.

The Toledo delegation is captained by John Bolan, for Mayor Brand Whitlock is an independent in politics, like his predecessor of the Golden Rule, Samuel M. Jones.

This takes account of all the city delegations except Franklin, which is under the direction of James Ross.

It can not be said that these urban delegations are in league either wholly or in part. They were not one year ago, when John M. Pattison was nominated for governor. On the contrary, they were very much divided then, and the almost solid phalanx of rural delegations won easily over them in the nomination for governor and other candidates. The strength of the convention this year lies in the cohesion of these same rural delegations, for they have a majority of delegates over the five urban counties. For this reason it is a foregone conclusion that the Pattison forces so-called will control the convention.

## Will Indorse Bryan.

Peoria, Ill., Aug. 21.—Whether it pleases him or not, William J. Bryan will be indorsed as the next presidential candidate of the Democratic party by the state convention of the Illinois Democracy in session here. Mr. Bryan stated that under certain conditions he does not care for the indorsement of the Illinois Democracy, but this will have little bearing on the convention and Mr. Bryan will be indorsed irrespective of the fact that he announced he does not care for the approval of Illinois Democrats officially expressed by Roger C. Sullivan of Chicago is allowed by the convention to retain the position of national committeeman, to which he was selected in 1904. It is expected that there will be stormy times in the convention. So confident in fact are the Sullivan forces that they are to dominate the convention that an indorsement of Mr. Bryan is already drawn up. It contains a little stinger to the effect that while Illinois Democrats are strongly in favor of Mr. Bryan they are also emphatically in favor of home rule in politics without interference from outside. For state treasurer Charles V. Thomas of McLeansboro is most prominently mentioned, and Caroline Grout of Pittsfield seems to have the nomination for superintendent of public instruction at her mercy.

## Cannon and Cullom.

Springfield, Ill., Aug. 21.—The feature of the Republican state convention will be the indorsement of Speaker Joseph G. Cannon as the Republican candidate for president in 1908. This action was decided at a conference of state party leaders. All factions in the party are united in the movement to give Speaker Cannon's presidential boom as enthusiastic a send-off as possible. Another interesting event of the convention will be an indorsement of Shelby M. Cullom for reelection to the United States senate. Senator Cullom carried the recent primaries by a good majority,

and no other name but his will go before the convention for senator. The offices to be filled are state treasurer, superintendent of public instruction and three trustees for the State university. Interest is centered on the contest for state treasurer, for which there are four candidates. At present it seems the fight is between Andrew J. Russell and John F. Smulski. The former claims 688 votes and the latter 619, but Aden Knoph, with 115 votes, and J. B. Messick, with 171, have enough votes to prevent a nomination on the first ballot.

**Combined Against Olstead.**  
Harrisburg, Pa., Aug. 21.—John Linder, a Lincoln Republican of Carlisle, was nominated for congress by Democrats of the Eighteenth district. The Lincoln Republicans will probably indorse the nomination and join the Democrats in a campaign against Congressman Olstead.

**Tammany Would Support Jerome.**  
New York, Aug. 21.—Charles F. Murphy, leader of Tammany Hall, said that he would be for Jerome for governor if Jerome is the candidate of the Democratic state convention. Tammany Hall, he said, is not committed to Hearst or any one else.

**Fusion Candidate.**  
Norfolk, Neb., Aug. 21.—Judge Guy Graves of Pender was nominated for congress by Democrats and Populists of the Third Nebraska district.

JANITORS NAMED  
BY SCHOOL BOARD

SUPERINTENDENT TO RECOMMEND MAN TO TAKE PROP. BOOKMAN'S PLACE.

Text Books Adopted—Bill Allowed—Proceedings of the Newark School Board.

The board of education met in regular session Monday night with all members present. Among other things the janitors for the various buildings were elected and additional text books adopted for use during the coming year.

The resignation of Prof. C. M. Bookman, which has been in the hands of the board, was not discussed. Professor Bookman, who has had charge of the commercial department of the High school grades, has accepted a position at the Central High school in Columbus at a salary of \$1,100. His resignation has not, however, been formally acted upon for minor reasons, but will be accepted at the next meeting. Superintendent Simkins has been instructed to recommend a successor.

At Monday night's meeting the following janitors were appointed: High school, C. E. Comer, \$60 per month; Central, Walter Gettings, \$55; North Fourth street, C. A. Moser, \$50; Hudson, Mrs. Martha Lusk, \$22; Riverside, Mrs. Stella Porter, \$22; Indiana, Miss Edith Nell, \$22; East Main, Mrs. Geo. Wylie, \$45; Mill street, Mrs. Mary Stasel, \$22; South Third, Mrs. Sophia Stubbs, \$22; South Fifth, Mrs. Enola Koerner, \$29; Franklin, Mrs. Blanche Coyle, \$10; New West Newark, Mrs. Lena Thorne, \$45; Old West Newark, Mrs. Alice Bragg, \$18; Woodside, Frank Handel, \$65. The election of a janitor for the Texas building was deferred until next meeting.

Text books in addition to those heretofore in use were adopted and the adoption of the former list confirmed. Following is the list of Monday night: New Educational Music Book, McGinn & Co.; Valshe's series of arithmetics in place of White's to be introduced in classes entering the third grades only this year; Harkness' Latin Grammar; Harper and Gallow's Cicero, Harper and Miller Virgil; Wentworth's Algebra, Geometry, and Trigonometry; Second Year Latin, Stein's German Exercises, and Montgomery's English History.

Bills to the amount of \$761.36 were allowed. The chemical supplies for the physics and chemical laboratory were awarded to the Kaufmann, Latimer Co., of Columbus, they being the lowest bidders, while the clock repair contract was awarded to Haynes Bros., of this city. The bids advertised for on brooms were not received at the meeting of the board. The matter of window shades for the various buildings was referred to the supply committee with power to act.

## APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible, one's youthful appearance.

It is impossible to do this without retaining a luxuriant growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure.

WILL D. HARRIS  
HAS CLOSE CALL

SLIPS ON TOWER IN EFFORT TO SAVE PHOTOGRAPHER FROM FALLING.

Valuable Camera Damaged—L. M. Jones Also Has Narrow Escape at Buckeye Lake.

Manager Will D. Harris of Buckeye Lake and Idlewild Parks and L. M. Jones, general manager of the L. M. Jones Photo company, had narrow escapes from falling off a water tower at Buckeye Lake on Sunday, says the Columbus Dispatch. Mr. Jones was on top of the tower for the purpose of taking a panoramic view of the lake and surrounding park, and because of the danger attached to the work and the height of the roof, he was accompanied and assisted by Mr. Harris.

While in the act of taking an exposure one of the legs of the big electric camera tripped started to slip, and in trying to catch hold of it, Mr. Jones lost his footing and began slipping to the edge of the roof.

Quick action on the part of Mr. Harris saved both the camera and Mr. Jones but not before he too had a close call. He managed, however, to grab hold of a piece of iron framework and at the same time catch hold of Mr. Jones, whom he pulled back to his former position. The camera, which is one of the most expensive in the state, was badly damaged.

The incident was witnessed by hundreds of people who had been watching the two men operate the camera from the perilous height.

## PUGH'S HAND

Playfully Placed on the Girl's Temple—Just Before Shot Was Fired, Saved Her Life.

Mansfield, Aug. 21—"I'll stop the bullet," said Joseph Pugh, of Gallou, at Mrs. Elizabeth Harmon's boarding house when 15 year old Harry Stevens playfully pointed a supposedly empty revolver at Grace Gump, aged 17. Then he playfully put his hand upon her temple—just in time, for the revolver proved to be loaded, and the bullet went through Mr. Pugh's hand embedded itself in the young lady's forehead. Had Pugh's hand not been there it would undoubtedly have been a mortal instead of a flesh wound for Miss Gump.

The revolver had been in the house for 30 years.

## BRITISH SOCIETY'S RACING PICNIC—LUNCH UNDER TREES AT GOODWOOD.

Goodwood, which marks the close of the season, is said not to be quite the function it was, but it is still brilliant enough and as long as the King patronizes it, the meeting will never fall from its high estate. One of its most delightful features is luncheon under the trees. Goodwood House, the Duke of Richmond's seat, where the Duke entertains the King for the races, has a park famous for its cedars. The race course was founded in 1667 and its importance, since 1825 was due to the exertions of Lord George Bentinck.

Mr. E. S. Miller has notified the  
police that some one entered his  
printing office on Third street Sunday  
afternoon and abstracted seventeen  
dollars from the safe.

### Everybody Notice.

The public is requested to make  
all purchases Wednesday at all gro-  
ceries, bakeries and meat shops will  
be closed all day Thursday, August  
25. J. C. Brown, secretary.

### Captain Hiser is Ill.

Captain John Hiser who has not  
been in the best of health for several  
days past, is quite seriously ill at his  
home 29 Granville street. Mr. Hiser  
was nearly overcome by the heat  
some days ago.

### Pastor Has Returned.

Rev. Thomas L. Kiernan has re-  
turned from a trip to Niagara Falls,  
Toronto, Ontario, and Chautauqua,  
N. Y. The regular services will be  
resumed in Plymouth Congregational  
church next Sabbath.

### Grocers' Picnic.

One of the attractions at the gro-  
cers' picnic will be a pie eating con-  
test. To the winner of this contest a  
fine ham will be given. There are  
several fast pie eaters here, and no  
doubt there will be quite a number of  
entries.

### Water Melon 55 Pounds.

Grocer James Murphy of West  
Main street, received a consignment  
of Indiana water melons Monday that  
are entitled to red ribbons. All of  
them were monsters, one probably the  
largest, tipping the scales at 55  
pounds.

### Services at Granville.

The celebration of the holy com-  
munion will be held at St. Lukes  
church, Granville, on Friday, St. Bar-  
tholomew's day. Rev. L. P. Franklin,  
rector of Trinity church, Newark, will  
be the celebrant. The services will  
commence at 10:30 o'clock.

### Stepped Upon Nail.

Mr. J. A. Brown, father of Mr.  
Warren Brown of the Elks' club  
room, stepped on a nail that projected  
through a board and which pene-  
trated his foot to a considerable  
depth, causing a very painful injury.  
The foot and ankle are greatly  
swollen.

### Thieves Get Valuable Tools.

Thieves visited the premises of  
Contractor Bell, in the North End,  
about midnight Saturday night and  
stole about \$35 worth of tools from a  
tool box. The matter was reported to  
the police and they are now working  
on the case.

### Ryan Likes Water.

Pat. Frank Ryan, the man who  
stood in the canal in water to his  
waist, defying a squad of officers to  
come in and take him out, was fined  
\$5 and costs by Mayor McCleery on a  
Tuesday. Ryan seems to have a  
fondness for water. He was arrested  
ten days or two weeks ago and was  
lying on his back in the gutter sing-  
ing merrily when the officers arrested  
him. He will spend the next ten  
days on the stone pile.

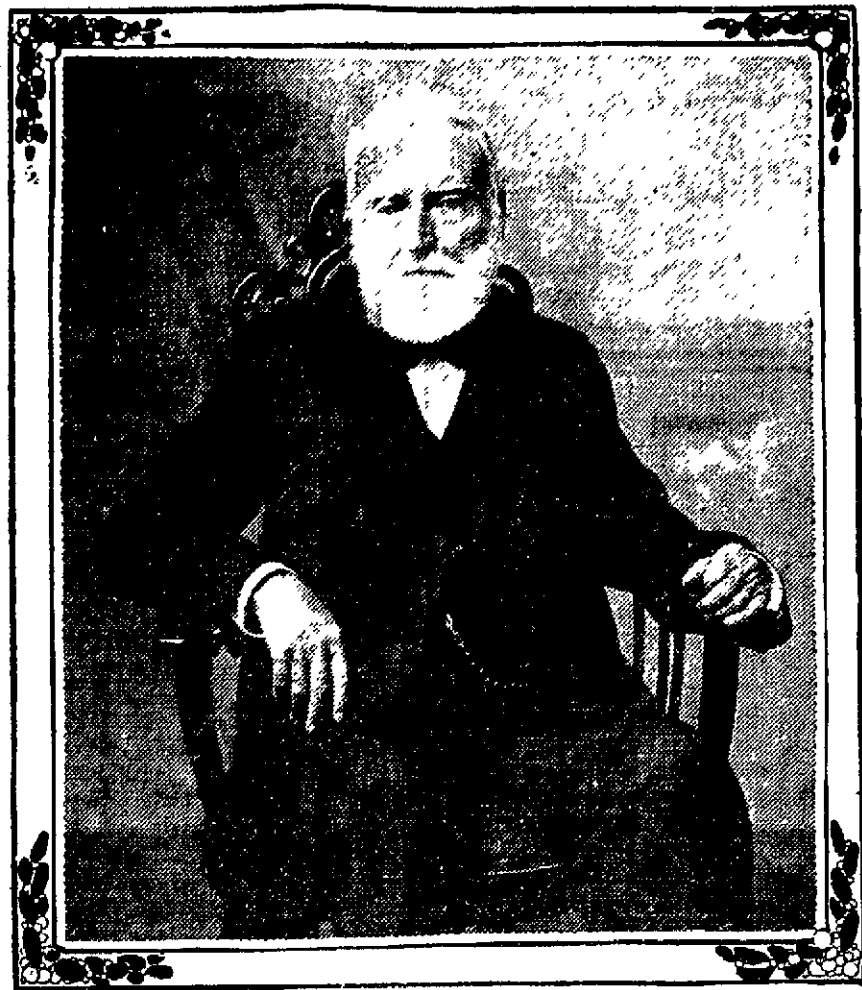

### He Marched in Parade.

Sergeant Charles W. Hall of Lem-  
bert Post, G. A. R., in reply to a let-  
ter to Captain R. W. Burt inviting  
him to attend the reunion of the 76th  
regiment at Chrichsville, received an  
interesting letter from the captain,  
who is now in Minneapolis as one of  
the delegates of his regiment to the  
national encampment. Although Cap-  
tain Burt's home is in Peoria, Ill., he  
is very well known among the "boys."  
He was known that he would be un-  
able to attend the reunion, but not be-  
cause of ill health, for, although 53  
years old, he marched in the proces-  
sion at Minneapolis.

### Rooster Lost His Tail.

Mr. J. Harter, of 217 Pataskala  
street, notified the police department  
Tuesday that chicken thieves had vi-  
sited his henry on Monday night  
and that they had stolen eight of his  
finest hens. He said that from the  
looks of things they attempted to  
carry off the rooster also, but he suc-  
ceeded in escaping with the loss of  
his tail. Officer Pat Carroll visited

## DEFIES OLD AGE AT NINETY-EIGHT.

Albert G. Dow.

Randolph, N. Y., Aug. 21.—Former  
State Senator Albert G. Dow, whose  
life has been contemporaneous with  
that of every president of the United  
States, excepting Washington, cele-  
brated his 98th birthday here on  
August 15.

At a family reunion held at the  
home of Mrs. James G. Johnson, an  
only daughter, about 100 relatives  
gathered about the family board.  
In the afternoon a reception was held  
at the home of Warren Dow. Nearly  
1000 people attended, including for-  
mer members of the Legislature and  
many guests came from surrounding  
towns.

Mr. Dow received his guests in a  
large tent erected on the lawn, and  
notwithstanding the continuous  
strain upon his strength showed but  
little evidence of fatigue at the close.

Mr. Dow was born at Plainfield, N.  
H., in 1808, and moved to this state  
in 1816. He came to Randolph in

1845 and has lived here continuously  
since. He was largely engaged in  
mercantile business and banking.  
Although not actively engaged in  
business for a few years past he still  
gives personal attention to his farms  
in this neighborhood, driving from  
one to the other unattended and look-  
ing after details of the work with  
attention. He also maintains an of-  
fice in the village and, regardless of  
the weather, visits it daily, walking  
to and from his home, a distance of a  
quarter of a mile.

Mr. Dow keeps in touch with cur-  
rent events, local and national and  
international, and is a close follower  
of political developments. He was a  
Democrat up to the time of forma-  
tion of the Republican party, but has  
become a member of the latter or-  
ganization since. If appearances are  
to be relied on Mr. Dow will live to  
see considerably more than 100  
years.

## HALF HIS BLOOD

Taken From Him and Transfused In-  
to the Veins of His Brother,  
Who Will Recover.

Cleveland, Aug. 21.—Because his  
brother Samuel allowed one half of  
his blood to be transfused into his  
veins, Joseph Miller, 137 Seeley ave-  
nue, is on the road to recovery at St.  
Alexis Hospital, where he was given  
up as dying two weeks ago.

Three weeks ago Miller under-  
went a severe operation. It was dis-  
covered a few days later that he was  
suffering from internal hemorrhages.  
His life was despaired of.

Dr. Crile had been experimenting  
for some years on transfusion of  
blood in dogs. He succeeded in get-  
ting the brother to allow his blood to  
be transfused into Miller's arm. It  
was four days before he left the hos-  
pital. Miller rallied at once after the  
fresh blood was infused into his  
veins. The physician says he will be  
out in a few days.
